

To Whom This May Concern,

I have sent you my resume for consideration of employment with your company. I am looking to advance my skills, as well as experience in the construction industry. Having own two business myself, and combining this talent with my observation of the trade I have worked for Thirty Eight years, I believe I would be a definite benefit to your organization. I have considerable knowledge in: Management, Accounts Payable, Estimating, Site Management and Utilities. I also have expertise in areas of Architectural Design, Structural background. Blue print knowledge, Hazmat and Asbestos, Superfund sites.

Thanking you in advance for your time, and interest. I look forward to discussing my qualification in a personal interview with you.
